For all fields, if during the event an incident does occur where the road is closed, the actions for a race finish are as follows. After the road is opened and if time allows for one additional lap, the finish for that lap becomes the results for that field. However if a full lap is not possible we will have a 1-mile scratch race to decide the finish of the event.

The sport of cycling continues to grow throughout the united states, yet on the east coast there appears to be pockets of resistance to the growth of cycling and a reluctance to accommodate the creation and development of new cycling events. In the past few years representatives from several local clubs have fought to prevent the loss of central park as a place for you to race. In july 2006 the nyc parks department adopted new guidelines
